MIND & BODY CLASS DESCRIPTIONS

MIND & BODY

Peace & Joy Meditation: Meditations for peace and joy, for oneself and others, taught by Joe Parent, the author of *A Walk In The Wood: Meditations on Mindfulness with a Bear Named Pooh*.

Ojai Earth Meditation: Deep focus on the Muladhara (Root) Chakra to assist in grounding your Self. We will tap into the healing energy of Ojai to guide, strengthen and rejuvenate your entire being.

Restful Savasana: Sensory stimulation and external distractions are ultimately minimized to help your body completely relax. The meditative state of yoga in Savasana has been shown to help slow the active beta brainwaves in favor of the slower states of alpha and theta brainwaves.

YOGA

Yoga Flow: A gentle Vinyasa-style class that flows from one pose to the next; all levels welcome.

Hatha Yoga: Concentrates on physical health and mental well-being. Hatha yoga uses bodily postures (asanas), breathing techniques (pranayama), and meditation (dyana), with the goal of bringing about a sound, healthy body and a clear, peaceful mind. Hatha yoga postures also stretch and align the body, promoting balance and flexibility.

Relaxing Yoga: Gentle, quiet, slow moving poses and breathwork to settle the mind and stretch the body.

Power Vinyasa: Sync your movement with your breath in this invigorating power yoga flow class.

Prana Flow Yoga: Connect to the deep rhythm of your breath as we move through powerful yoga poses all guided by the beat of your heart.

Yin Yoga: Nourish your body and mind by enjoying a blissful yoga experience. This class dissolves stress stored in the body's tissues; you will utilize bolsters, blocks, straps, & blankets as a way to comfort & support the yoga postures.

Yogic Waves: A unique style of practice with an emphasis on wavelike spinal movements, economy of motion and harmony of body, breath, and mind.

Yin/Yang Yoga: You will be guided through a strong yoga flow, and finish your practice with replenishing restorative postures. This class is perfect for finding your balance and joy.

CARDIO

Step It Up: This is not your usual outdoor steps class. Have fun during this calorie blasting unique workout which will include squat jumps, side steps, push-ups and more.

Spin & Yoga Fusion: Get a full body workout with cardio and flexibility built in. Warm up with a 20-minute spin on the bike. Then transition to the mat for an active yoga flow. Beginners welcome.

Spinning: A high intensity 45 minute Spin class. All levels welcome.
